

DUMBBELL RACK TWIN TIER

JPRBR - 112 - RBK

A heavy-duty twin-tier dumbbell rack built to store up to 10 pairs of dumbbells efficiently. Designed for commercial use, it offers excellent strength and space optimization. The half-round rubber saddles enhance durability, minimize damage, and ensure safe, convenient placement, even during intense workout sessions.

FEATURES

- ◆ **Dual-Tier Storage Design:** Efficiently stores up to 10 pairs of dumbbells, optimizing floor space while keeping your workout area organized and accessible.
- ◆ **Heavy-Duty Frame:** Constructed with high-strength steel for superior load-bearing capacity, ensuring long-term durability even in high-traffic commercial gyms.
- ◆ **Ergonomic Angled Shelves:** Slightly inclined tiers allow easy pick-up and re-racking of dumbbells, reducing strain and enhancing user safety.
- ◆ **Precision-Cut Saddles:** Individually designed holders provide a secure fit for each dumbbell, preventing movement and maintaining alignment.
- ◆ **Rubberized Protection System:** Integrated half-round rubber saddles minimize wear and tear, reduce noise, and protect both dumbbells and rack from impact damage.

*Plates, barbell, attachments and accessories are not included and need to be bought separately.
